Installation Guide **Standard Preamble**

1. It is recommended to install the product near the rear view mirror of the car, where the image view is better
2. Use the included stick to bury the power cable into the roof / A-pillar seal
3. The lens can be adjusted 30° from front to back. When using the lens, please adjust the shooting angle to ensure the best shooting effect

Note: Due to different models, the location of the fuse Box will be different.
Please refer to the owner's manual for the specific location.

EAU Version

4G LTE Band: B1/3/5/7/8/20/28/38/40/41
3G WCDMA: B1/2/5/8
2G GSM/EDGE: 850/900/1800/1900MHz
